**INDEPENDENT AUDITOR'S REPORT**

To the Administrative Committee of  
the United Security Bancshares, Inc.  
Employee Stock Ownership Plan  
(with 401(k) provisions)

We have audited the accompanying statements of net assets available for benefits of United Security Bancshares, Inc. Employee Stock Ownership Plan (with 401(k) provisions) (the Plan) as of December 31, 2000 and 1999, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2000 and 1999, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

United Security Bancshares, Inc.  
Employee Stock Ownership Plan  
(with 401(k) provisions)  
Page Two

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes at end of year is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## NOTES TO FINANCIAL STATEMENTS

### Summary of Significant Accounting Policies

#### **Basis of presentation**

The accompanying financial statements have been prepared on an accrual basis of accounting.

#### **Investments**

##### Company stock

The Plan holds shares of United Security Bancshares, Inc. common stock. The fair value of the stock is determined by quoted market price.

##### Pooled Separate Accounts

The Nationwide Life Insurance Company, a variable annuity contract, provides participant-directed investments through a number of pooled separate accounts with underlying mutual funds. The value of the contract is determined by the value of the underlying mutual fund shares plus any distributions received from the mutual funds and less any charges assessed by the variable annuity contracts.

##### Guaranteed Return Insurance Contract

The Plan offers a guaranteed investment contract (GIC) through the Nationwide Life Insurance Company (Nationwide). This investment option offers participants a contract that guarantees a return of principal plus a stated rate of interest. The contract is included in the financial statements at contract value as reported to the Plan by Nationwide.

#### **Use of estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

#### **Benefits payments**

Benefits are recorded when paid.

## **Description of Plan**

The following description of the United Security Bancshares, Inc. Employee Stock Ownership Plan (with 401(k) provisions) (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### **General**

The Plan is a defined contribution plan covering substantially all regular employees of United Security Bancshares, Inc. and its subsidiary companies (the Company). Effective January 1, 1991, the Plan became a stock bonus plan containing Section 401(k) features under Section 401(a) of the Internal Revenue Code. The Plan is also designed to be an employee stock ownership plan under Section 4975(e)(7) of the Code. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### **Eligibility**

Each employee will become eligible for participation in the Plan on the first day of the month following his initial date of service. A participant is generally entitled to share in allocations of employer contributions only for a Plan year in which he is credited with at least 1,000 hours of service. A Participant shall also share in the allocations of employer contributions for the Plan year of his retirement, death or permanent disability regardless of hours of service.

### **Participant accounts**

Each participant's account is credited with the participant's contributions, employer contributions, and earnings on the account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Each participant has investment authority over all funds in his account, and is able to diversify his account among different funds with varying levels of risk.

### **Benefits**

The normal retirement age is 65 and benefits can be paid as either a lump sum or in the form of an annuity. The Plan also provides for early retirement, hardship, disability and death benefits.

### **Vesting**

Participants who were hired prior to January 1, 2000 are fully vested at all times in their contributions, as well as employer contributions made on their behalf. Participants who were hired on or after January 1, 2000 are fully vested at all times in their contributions, but are subject to a vesting schedule in which they become fully vested in employer contributions after six years of credited service.

## **Description of Plan (continued)**

### **Forfeitures**

Participants who are not credited with at least 1,000 hours of service during a Plan year will forfeit any employer contributions received for that Plan year. The forfeitures are used to reduce future employer contributions to the Plan. Total forfeitures amounted to \$23,742 and \$55,864 during 2000 and 1999, respectively.

### **Funding**

The Plan provides for the following five methods of funding each participant's account:

#### **1. Elective contributions**

Eligible employees may elect to make salary deferrals to the Plan between 1% to 15% of compensation, not to exceed the maximum allowed by law.

#### **2. Employer matching contributions**

The employer matching contributions are discretionary and are based on employee deferrals up to 6% of compensation. The matching percentage is determined by the Board of Directors each Plan year. For the years December 31, 2000 and 1999, the employer matching percentage was 100%.

#### **3. Discretionary contributions**

The Company may make a discretionary contribution in any Plan year. The contribution is based on a uniform percentage of each participant's compensation. The Company made no discretionary contributions in 2000 or 1999.

#### **4. Special discretionary contributions**

A special discretionary amount in addition to any discretionary contributions may be made by the Company. The Company made no special discretionary contributions in 2000 or 1999.

#### **5. Rollover contributions**

Employees may transfer amounts to the Plan which were distributed from another tax-qualified retirement plan.

## **Administrative Expenses**

Significant administrative expenses of the Plan are absorbed by the employer.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

## **Income Tax Status**

The Plan obtained its latest determination letter on September 21, 1995, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

## **Plan Termination Priorities**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the accounts of all participants affected by the termination will continue to be 100% vested.

## Investments

The following table presents the fair values of investments. Those that represent five percent or more of the Plan's net assets are separately identified.
